REHEMA MANUELLA WANJIRU KURIA

Computer Scientist | AI & Data Enthusiast | Community Leader

Nairobi, Kenya | +254 798 298 573 | rehemamanuella@gmail.com | LinkedIn Profile

PROFESSIONAL SUMMARY

Computer Science graduate who combines strong technical depth in AI and machine learning with a genuine track record of leadership and community impact. Built and fine-tuned real machine learning models, including an NLP system for detecting bias with 82% accuracy, while leading a 40% membership increase as President of Strathmore University's Japanese Club and forging a strategic partnership with the Embassy of Japan. Known for precision under pressure, fast learning, and turning technical curiosity into practical results, equally comfortable behind a dataset or in front of a room.

SKILLS & COMPETENCIES

- AI & Machine Learning (NLP, Computer Vision, Prompt Engineering)
- Programming: Python, Java, Kotlin, C++, PHP, SQL
- Data Analysis, Verification & Reporting
- Leadership & Team Building
- Cross-Cultural Communication & Partnership Building
- Systems Administration & Technical Troubleshooting
- Event Coordination & Stakeholder Management
- Attention to Detail & Accuracy Under Deadline Pressure
- Fast Learner, Self-Driven & Adaptable

TECHNICAL PROJECTS

News Bias Detector | *AI / NLP Project*

- Fine-tuned a BERT-based NLP model using Python and HuggingFace Transformers to detect biased language in news articles, achieving 82% accuracy.

StegaShield | *Digital Security Project*

- Built a dual-layer security tool using Python and LSB steganography to hide digital watermarks in images and detect tampering.

Dream-Queue Hybrid | *Smart Scheduling Project*

- Developed an intelligent scheduling system in Python that uses spare processing power to run background tasks without slowing down a user's primary work.

Savanna Trace | *IoT / Data Tracking Project*

- Built a Python and MQTT-based tool that automatically tracks and updates the location of remote equipment, keeping it accessible even as network settings change.

LEADERSHIP & COMMUNITY ENGAGEMENT

President, Japanese Club | *Strathmore University*

March 2024 – November 2025

- Led a strategic partnership with the Embassy of Japan, driving a 40% increase in club membership.
- Facilitated scholarship workshops connecting students with Japan-related opportunities.
- Managed the club's calendar of events, meetings, and stakeholder communications.
- Coordinated with university administration and external partners to secure event support.
- Delegated responsibilities to committee members and tracked progress on action items.
- Represented the club in official capacities, building the organization's public profile.

Cultural Volunteer & Liaison | *Embassy of Japan in Kenya*

2024 – July 2026

- Represented the Embassy at public events, including the Ambassador's Judo Cup.
- Coordinated volunteer teams and on-the-ground logistics for embassy-hosted cultural events.
- Educated guests and the wider community on aspects of Japanese culture and etiquette.
- Built and maintained relationships with community members and partner organizations.

WORK EXPERIENCE

Data Entry and Analysis | *Embassy of Japan*

May 2026 – July 2026

- Verified and cross-checked large volumes of source data for accuracy and completeness before entry into official systems.
- Conducted systematic data quality checks, flagging and documenting discrepancies for correction.
- Maintained well-documented, audit-ready records in line with organizational standards.
- Handled sensitive information with strict confidentiality, following documented procedures precisely.
- Delivered accurate work within tight submission deadlines.

Information Technology Intern | *Royal Media Services Limited*

Jan 2025 – Mar 2025

- Provided system administration and troubleshooting support across the organization's IT infrastructure.
- Diagnosed and resolved technical issues to minimize downtime in a live media environment.
- Learned and adapted quickly to a range of internal tools, systems, and platforms.
- Communicated technical updates clearly to non-technical colleagues and stakeholders.

EDUCATION & CERTIFICATIONS

Bachelor of Science in Computer Science & Informatics | *Strathmore University*

August 2026

- Relevant Coursework: Artificial Intelligence, Machine Learning, Data Structures, Algorithms, Software Development.

Kenya Certificate of Secondary Education (KCSE) | *Pioneer Girls' High School*

- Attained a mean grade of A-, including an A in Computer Science.

Certifications

- AICE AI Career Essentials — ALX Africa (Jan 2024 – May 2024): Prompt engineering, ML fundamentals, and practical AI applications
- Data Science and Machine Learning Specialist — Sankhyana (Jan 2025 – Jul 2025)
- Cisco Certified: Computer Networks and Cybersecurity (3 Certifications)
- Deploying Django Apps: Make Your Site Go Live
- Ethical Hacking: Introduction to Ethical Hacking
